Signature minimum*

sRGB masters. Transparent SVG backgrounds; white and black fields above show intended placement.

Every curve. Every letter. Every interval.

H = 100 construction units. Scale the complete signature uniformly; never retype or track the wordmark.

LETTER-BY-LETTER / H = 100

Glyph	Origin x	Ink width	Top	Bottom	Next gap	Optical treatment
O	0.000	100.000	-2.0	102.0	12	2-unit round overshoot
p	112.000	67.000	30.8	132.0	13	32-unit round descender
e	192.000	66.000	30.8	101.2	15	Open aperture + level bar
n	273.000	67.000	30.8	100.0	16	Round shoulder; level feet
C	356.000	88.394	-2.0	102.0	10	Related to O; round ends
l	454.394	26.700	0.0	100.0	11	Cap-height stem; short foot
a	492.094	67.000	30.8	101.2	12	Single-storey; shared bowl
w	571.094	92.700	32.0	100.0	-	Soft joins; wider final form

Origins are relative to the **O**; add **262.500** for signature coordinates. Gaps are horizontal distances between visible outline bounds, not font advances. **OpenClaw** is one word; retain the 16-unit nC interval.
